

Bonkers about conkers

They lie on the ground,
They are spiky and round,
Lots all around,
What have I found?

Open

them

UP!

They are smooth, they are dark,
They are brown like tree bark,
Some are big, some are small,
We try to get them all.

We can hit them and bash them,
Or clean them and look after them,
We always enjoy them,

We are **bonkers** about conkers!
